EXPERIENCE

Junior Software Engineer

- Crective** 01/2025 - 04/2025 Lahore, Pakistan
- Developed and maintained projects using **Next.js**, **React**, and **TypeScript**.
 - Designed responsive UIs with **Tailwind CSS**, **Bootstrap**, and **ShadCN UI**.
 - Integrated **RESTful APIs** for dynamic data fetching and real-time updates.
 - Worked on multiple **dashboard-based applications** with complex UI components.
 - Collaborated on reusable component libraries and scalable front-end architectures.

Trainee Software Engineer

- Programmer Force** 09/2024 - 11/2024 Lahore, Pakistan
- Developed and maintained projects using, and HTML & web semantics. Created structured, semantic HTML to improve accessibility and SEO.
 - Responsive Design & CSS Built adaptive, engaging layouts with CSS and Bootstrap, ensuring optimal performance across devices. JavaScript Interactivity Developed dynamic, interactive features for smooth, responsive user experiences.
 - Vue.js Expertise Advanced in Vue.js, with strong skills in component-based architecture, reactive data binding, and state management.

Frontend Developer

- XStak** 09/2023 - 04/2024 Lahore, Pakistan
- Developed responsive and interactive user interfaces with React.js for diverse applications.
 - Implemented project-specific features, ensuring cross-platform and device compatibility.
 - Streamlined development using the Remix.js framework to improve code maintainability.
 - Collaborated on troubleshooting, code reviews, and iterative enhancements.
 - Kept up with React trends, contributing to team knowledge sharing and skill development.

MERN Developer Intern

- Ebryx** 07/2023 - 09/2023 Lahore, Pakistan
- Contributed to MERN stack web development projects, gaining hands-on experience with MongoDB, Express.js, React.js, and Node.js.
 - Collaborated with mentors to troubleshoot and enhance existing applications, as well as develop new features.
 - Strengthened technical skills and deepened passion for building robust, user-focused web solutions.

EDUCATION

Bachelor of Science in Computer Science

National College of Business Administration & Economics, Lahore
2019 - 2023

Intermediate - Pre-engineering

CFE College of Commerce & Science, Lahore 2016 - 2018

Matriculation - Science

Native School System, Lahore 2015 - 2016

SUMMARY

As a driven Software Engineer, I am passionate about creating responsive, user-centered web applications that deliver exceptional experiences. Combining a strong academic foundation with hands-on development expertise, I focus on building impactful, high-performance solutions. My adaptability, problem-solving abilities, and commitment to continuous learning empower me to excel in dynamic environments. I look forward to contributing my skills and dedication to a forward-thinking team committed to innovation and excellence.

SKILLS

HTML	CSS	JavaScript
TypeScript	React JS	Next JS
Vue JS	Node JS	Express JS
Python	MongoDB	SQL
Quality Assurance	Git	Tailwind CSS
Semantic UI	Bootstrap	
Visual Studio Code	Cursor	PyChram

INTEREST AND HOBBIES

Coding Challenges

Solving complex problems and enhancing coding skills.

Project Management

Managing projects effectively with tools like MS Project.

Agile Methodologies

Applying Agile practices for improved project efficiency.

KEY COMPETENCIES

Adaptability | Collaborator | Exceptional Communicator

- Quick to learn new languages, frameworks, and tools for software quality.
- Focused on delivering high-quality solutions through effective collaboration.
- Skills to meet project goals, reflecting honest communication.
